**Day 03** MOREMI GAME RESERVE

Shared guided activities from your safari camp.

The Okavango is an immense river that never meets the sea. Instead, its crystal-clear waters spread across the Kalahari Desert, forming Africa's largest wetland wonder. The Delta is an abundant oasis amid the vast plains and pans of the desert that covers most of Southern Africa. Its waterways are a mesh of meandering and intercepting channels, creating a haven for Africa's most celebrated wildlife.

Become part of the bustling river life by easing between the papyrus clad banks on traditional 'mokoro' canoes. These are propelled from the stern by skilled 'poler' guides, allowing the guests to sit back and absorb the scenery.

Explore the wilderness on foot under the guidance and education of your own personal guide. Feel your senses ignite as you become part of life in the bush and encounter game without the parameters of a vehicle.

Motor-boat cruises are organised in time to toast the unprecedented African sunsets while drifting on a lagoon in the middle of the Okavango Delta. Watch as the mutating colours are reflected in the smooth waters, disturbed only by dipping swallows or curious hippos.

**Days 08 - 09** CHOBE

Shared guided activities from your lodge.

Northern Botswana is home to the largest population of elephants in Africa, and the life-giving waters and rich grazing on the flood plains of the Chobe River attract some of the largest concentrations of these magnificent giants of the bush. Besides the elephants, the Chobe River and surrounding woodlands supports an incredible diversity of animals and has developed a reputation of being one of the great wildlife destinations in Africa. From large herds of elephants swimming in the Chobe river, zebra and buffalo grazing on the floodplains, giraffes feeding on the acacias trees and shy roan and sable antelope ghosting through the teak forests, there is always something of interest. Combine the above with some of the highest predator densities in Botswana (lion, leopard, Wild Dog and hyaena) and it is clear why this is such a wildlife mecca.

In addition to the mammals, the Chobe River is also home to over three hundred bird species and is one of the top birding destinations in Botswana.
